

Uhuru Quilters Guild

The membership of the *UHURU QUILTERS GUILD* would like to extend an invitation to you. Please visit, share, enjoy a variety of quilting techniques, socialize, and join our guild.

Founded in 1994, Uhuru is a chapter of the National Quilting Association (NQA). Uhuru reflects the diversity of African and 'the quilting population. Skills range from beginner to advanced to professional quilters with expertise in both hand and machine techniques represented. Members are interested in traditional, contemporary, and avant garde designs. While many members engage in quilting as a hobby, the guild also has quilting instructors, judges, and historians.
